SHARE is a 39 year-old survivor-led organization that provides free support, peer counseling and education to women affected by breast or ovarian cancer, their families, and friends. In 2013 there were 230,000 new cases of breast cancer and 21,000 new cases of ovarian cancer. Proceeds from this event will be used to bring SHARE's Pink & Teal Seminar Program to the workplace to provide information on risk and risk reduction, symptoms and detection, diagnosis and treatment of these diseases from a survivor's perspective.
